tional arts, and Miss Millman in liberal arts. They have won their way to the finals by competing in the program that started in January. The finals are to be held at Goodman's Hall, Jack London Square and the winners in each field will receive \$2,000 with second place good for \$1,000. Third place winners will receive \$750. The remaining finalists all will receive \$500 each. Judges for the final event are Eric J. Police auction
ALBANY — Saturday morning at 10 a.m., at the Buchanan side of Albany's City Hall, the Albany Police department is to auction off unclaimed merchandise. According to Chief James Simmons, bicycles, electronic equipment and miscellaneous items will be sold to the highest bidder. Officer Larry Murdo, property officer for the department, is to be the auctioneer, it was said. Some 20 bicycles, in various shapes, will be on the block.

Cops hit faculty; 55-54

ALBANY — The basketball game of the century is on and the cops beat the faculty 55-54! Friday night at the Albany High School gym, Albany's finest, all members of the Albany Police Officers Association, took the Albany High School faculty by one point. The game, witnessed by some 400 fans, took in about \$1,000 for the Police Officers' Association and the senior class of Albany High School. From all reports, the game was a ding-dong affair with the lead changing every two minutes. The police officers, all fresh from working the strike at Golden Gate Fields, had a hard time keeping up with the faculty team, made up of the most part, of members of the Physical Education department and coaches of the various teams. The cops, led by Jerry Lehne and Bill Palmimi, did have cashed in, but their weakness at the foul line made the game a close one. The cops had 28 free throws on fouls called on the faculty, but they could only convert 10 of them into points. On the other hand, the faculty officers treated the cops with kid gloves and only had 11 fouls called by the official referees. High man for the Police officers, was Officer Jerry Lehne, co-coach with Officer Bill Palmimi, with 18 points. B. Shaffer was high on the cops for the teachers, who were garbed in red and blue uniforms, while the cops were in green and white. The rooting section was led by the Albany High School cheerleaders who split their duties between the cops and the teachers. One of the odd things of the game was the fact the cops were called for a technical foul. They had six men trying at one time! There is hope to make the game an annual affair.

Baseball started Saturday
ALBANY — Some several hundred spectators lined Solano Avenue Saturday to watch the annual parade marking the beginning of Albany's Little League season. The parade started at Tulare and Solano at 10 a.m. and went to the ball field at University Village where the games started at 11 a.m., with the Cubs and Pirates meeting on diamond number one and the White Sox and Senators at the same time on diamond number 2. Following the full schedule of six games, sponsors, civic leaders and Little League officials attended the dance and buffet supper at the Veterans Memorial building Saturday night where the gathering danced to the music of "Southern Comfort" with "Rhinstone Cowboys" as the theme for the evening. Fern Luoma announced a new sponsor has been signed for Little League. Mary McHone has signed in (Cont. on Page 4, Col. 8)

Track trouble costing Albany worry, money

ALBANY — When they opened Golden Gate Fields to racing last Thursday, it opened a Pandora's box for the City of Albany. The Albany Police department was charged with crowd control at the Buchanan street entrance to the track and they had a few problems. The problems included picketing of City Hall last Friday morning and the presence of pickets at the home of Mayor Robert Luoma. Thursday say Sgt. Ron Patton end up in the hospital and Joseph Visco, Jr., 49, 13401 San Pablo Ave., arrested for battery and put in the Albany Jail with bail set at \$5,000. This is what precipitated the picketing of City Hall and the Luoma home on Cornell. Some 20 pickets paraded in front of the City Hall to protest the high bail and then moved to the home of Mayor Luoma where they paraded and pounded on the doors to attract attention. Police, under the direction of Captain Mel Boyd of the Albany Police, asked the pickets to limit their number and they did. During the last few days, 13 persons have been arrested or cited by the Albany Police and two have been charged with other crimes against persons. On Friday, Maxine Souza, 50, 7114 Brighton, Dublin, bit one of the officers on the arm and was put in jail until bailed out on \$5,000 bail. She also was charged with blocking a public roadway. Others arrested or cited include Joseph Santo, 47, 340 Cutter street, Foster City; Edward Bigarani, 56, 125 Moffitt, San Francisco; Tony Acosta, 38, 2924 14th Avenue, Oakland; Clark Coombs, 35, 1108 Oxford Road, Burlingame; Ronald Stewart, 128 North Star, Santa Rosa; Frank Parish, 18, 4509 Fran Way, Richmond; Manuel Gutierrez, 21, 3742 Carolyn, Pinedale; Richard Reeves, 37, P. O. Box 501, San Carlos; George Arvantes, 54, 85 Park Hill, Milpitas and Charles Perkel, 32, 5436 Demerest, San Jose, a business agent for one of the unions involved in the strike. The strike has been called by Service Employees International Union Locals No. 280 and 399 to protest the installation of computerized parimutuel betting machines. The strikers include parimutuel clerks, valets and some stewards. Also last Friday and Saturday, track patrons suffered slashed tires and punctures from nails and (Turn to page 10, Col. 8)

Report Cards in

ALBANY — Well over 100 "Middle School Report Cards" were returned to the Albany Middle School Site Council and are now being tabulated. Areas of greatest parent concern will receive close scrutiny so that the School Improvement Plan will reflect efforts to solve problems identified by community. Parents interested in serving on Site Council committees are invited to attend the next Site Council Meeting tonight, at 7:30 p.m. in the Middle School Library.

HONORED — Former Mayor Lewis M. Howell, now Vice-Mayor of the City of Albany, was presented with a plaque Monday night at the regular meeting of the Albany City Council. Given in recognition of his quarter of a century of service to the City, the plaque reads: "LEWIS M. HOWELL in appreciation for 25 years of service on the City Council, 12 years of which were served as Mayor. From the Albany City Council 4/16/79." In the presentation picture above, from left to right are Councilman Louis George, Councilwoman Joyce Jackson, who made the motion to bestow the plaque on Howell; Vice-Mayor Howell, Mayor Robert Luoma, and Councilman William Lewis, sr. At the conclusion of the presentation, Vice-Mayor Howell commented that Councilwoman Jackson suggested he hang the plaque in his van. —Times Photo by Mike Russell

Albany woman gets Danforth fellowship

ALBANY — Word has been received here that Beverly Kay Crawford, 1038 9th Street, has been awarded a Danforth Graduate Fellowship. She was nominated for the Fellowship by the University of California, Berkeley. The Fellowship is for advanced study for the Ph.D. degree and provides a tuition and fees award plus an annual stipend for up to four years of study in preparation for a career of college teaching. More than 3,000 baccalaureate and postbaccalaureate persons from colleges and universities throughout the United States competed for the 100 Fellowships awarded this year. Selection of Danforth Graduate Fellows is made annually in four stages — nomination by campus Liaison Officers or individual nominations, the assessment of the written application materials by the Reading Committee, interviews, and final selection by the Program's Advisory Council. More than 2,700 Danforth Graduate Fellowships have been awarded since the program was established in 1952. Over 95% of the recipients have completed the Ph.D. degree and approximately 85% have become college teachers. The Danforth Foundation, established in 1927, is a national, educational, philanthropic organization, dedicated to enhancing the humane dimensions of life. Activities of the Foundation traditionally have emphasized the theme of improving the quality of teaching and learning. Currently, the Danforth Foundation serves the following areas: higher education primarily

programs administered by the Staff, precollegiate education, through grant-making and program activities, and urban affairs in metropolitan St. Louis, Missouri, through grant-making and program activities. Mr. and Mrs. William H. Danforth, who established the Foundation, along with their daughter and son, Dorothy Danforth Compton and Donald Danforth, maintained active leadership roles in the affairs of the Foundation throughout their lifetimes. Family members continue to be involved in Foundation activities through participation on the Board of Trustees.

Siren test slated on Friday a.m.

ALBANY — The regular quarterly test of the warning system will be held Friday at 11 a.m., according to Fire Chief Mike Koepke. The sounding of the "air raid" sirens is to be coordinated with the rest of Alameda County and all outdoor warning devices are to be sounded. The sirens will sound in conjunction with Contra Costa county, it was said. According to the Alameda County Office of Emergency Services, a one steady minute siren blast will be followed by one minute of silence, then one minute of rise and fall of the sounding devices. This is only a test, it was emphasized, and there is no need to take alarm, Chief Koepke said.

Council hears new proposal of McCarthy

ALBANY — The Albany City Council, in a short meeting, the first full meeting for newly chosen Mayor Robert Luoma, heard a report from William E. Haden, Administrative Officer, on the proposed solution to the Proposition 13 woes. As outlined by Speaker Leo McCarthy, sponsor of the newly conceived bill, there would be no more bail out money for cities or counties from the State. He has proposed several radical changes in the taxing structures of the state and Haden outlined them for the Council's consideration.

School board getting into 79-80 labor

ALBANY — There was no one present at the last meeting of the Board of Education from the California School Employees Association, Albany Chapter 679, to speak on the initial contract proposals for the 1979-80 budget year, so there was no discussion of the proposals. On the other hand, there was a response from the Board of Education: they will negotiate the wages and reclassification clauses of the contract and ask for a three year contract. Board member Ruth Ganong made the motion to consider the issues, and she was seconded by Member Peggy Thomsen. The report of Superintendent Charles E. McCully about the pending bills in the California State legislature affecting school funds showed that SB1342 has passed out of committee and is headed for the floor for discussion and possible passage. On the other hand, SB119, which came to the floor Thursday, became stalled when the Rodda bill failed by two votes of making it to the floor. Mrs. Ganong and Mrs. Thomsen, with John Fike, business manager of Albany Unified school District, went to Sacramento Thursday to give passage of the Rodda Bill a boost, but when only 25 aye votes were rounded up of the 27 necessary to get the bill on the floor, it was returned to committee for reconsideration, it was said. Both bills are "bail out" bills for the current year and will be part of the budget for 1979-80 if passed. The uncertainty of extra money has delayed the formulation of the final budget for 1979-80 for the District, it was said. New standards of diffe-

McCarthy proposes all sales tax revenue be transferred to the school districts. In the case of Albany, that would be six and one-half percent of the cost of the purchase. He also proposes the cities, counties and special districts share the entire proceeds of the property taxes. He based his idea on the principle that property taxes should be used for property related services, i.e., police, fire, public welfare, sanitation and health. McCarthy would have the State assume the funding of schools from kindergarten to junior college, thus controlling the education from K-12. He also would have the State assume funding for health and welfare and said any future growth must pay for itself or be in the expenditure limits. McCarthy plan, that portion of the sales tax that goes to the city would be transferred to the State. The property tax that formerly went to the school district would now go to the cities and counties, he said. The proposal also provides for a fund that would (Cont. on Page 5, Col. 1)

PARADE REST — The Annual Albany Little League Parade got underway Saturday morning at 10 a.m. with several hundred marchers, complete with floats, music and cheers. Started at Tulare and Solano, the parade proceeded to the Little League diamonds in University Village where a full schedule of games opened the season. The entire line of march was lined with spectators, many of them members of player's families. The parade was led by Mayor Robert Luoma in the lead car and was followed by the members of the individual teams, each identified by a banner. —Photo by Luoma

Mayor of Albany.

Lew Howell has been a guiding light of Albany's destiny for the past quarter of a century, being elected to Albany's City Council for the first time in 1952. For every year since then, for the past 27 years, with the exception of the two years the Griffin-Gleason faction was in the driver's seat, he has been either a Councilman, Mayor or Vice-Mayor of Albany. As a matter of fact, when he handed the gavel to Councilman Robert Luoma last Monday night, he stepped right back into the Vice-Mayor's spot.

In 1953, Howell was elected Mayor of Albany and served six consecutive years, the longest of any of the Mayors prior to him. He served during the times that saw the face of the City changed. He was in Albany in 1984 and saw the opening of Golden Gate Fields. He saw the closing of the race track a few days later because of the flooding of the racing strip as a result of the infamous "40 days and 40 nights of rain."

He was Mayor when the new City Hall was dedicated and has been a member of many of the county committees. He is the longest, in service, or any of the members of the Alameda County Mayor's Conference. He served as chairman of the group and has been the host innumerable times.

Talking to Lew Howell is like talking to the historian of the City.

The destiny of Lew Howell and the City of Albany are intertwined. What happens to Albany, past, present and future hinges a great deal on the thinking of Lew Howell. His "savvy" of Albany, its citizens and its foibles are multitude and varied.

BACK TO SCHOOL—MATCH YOUR WITS

The Albany Board of Education has adopted additional standards for high school students graduating after June, 1980. The twenty-two adopted "proficiencies" in reading, math and writing are assessed by test items similar to the one listed below. Parents, students and other community members can sample the new requirements by completing the item and checking the answer.

READING PROFICIENCY: No. 1

Read the text and determine what is the correct answer. A test to verify your ability to reason common, everyday laws, regulations and statements.

PROPOSED LAW: Any person riding a street-legal motorcycle on any public streets, county roads, and/or state and federal highways within the boundaries of the State of California shall be required to wear a safety helmet. The helmet shall meet the two-blow standard, endorsed by the 290 Committee of the United States of America Standards Institute, which requires a helmet to perform satisfactorily under the impact of two test blows in succession on exactly the same spot. Anyone failing to wear a helmet of the type heretofore described shall be subject to arrest for a misdemeanor and shall be subject to a fine of \$25 for the first offense, \$50 for the second offense, and \$100 for each offense thereafter.

Answering the following questions, assume that the proposed law has gone into effect. You are riding on a motorcycle behind the driver, and neither of you is wearing a helmet. The driver is stopped by a policeman and given a \$50 fine for driving without a safety helmet. How does the law affect you since this is your first offense.

- (A) The law does not apply to you (B) You can be fined \$50
(C) You can be fined \$25 (D) You can be fined \$100

TRAVEL

Away We Go

Dear Friends — I am sitting at home in my study on a sunny morning looking out at a row of small hawthorn bushes we will be planting this weekend. How nice it would be to fly around the world and see the gardens in Holland, Victoria and Great Britain! It is hard to find openings on escorted tours for May and June, but with some persistence, research and flexibility, it can be done.

The strike is still putting enormous pressure on travel agents. Time and again we hear, "But I thought travel agents had direct lines to the airlines!" We do have different numbers to call to reservation agents who specialize in handling agency needs, but they are totally backed up. We try to "bunch up" calls every day. We often get on the line to TWA and hold for 30 minutes while writing tickets and filing papers and then give them 10 reservations. We make needed cancellations, changes, reconfirmations — all just once a day if possible. The specially priced seats are often sold out through June and yet the airlines tell us that planes are still flying out with many empty seats.

Another factor to consider: we often call charter reservations centers on Thursdays and Fridays to be told that departures are full and then find on Monday that seats are available. That is because options for pay for seats fall on Fri-

day — when checks don't come in. Monday finds a more open situation. Remember, you have to sign a contract and read the small print before flying on a charter flight.

READ YOUR TICKET. Do you know your ticket is just like money? Last week we had a client cancel a flight and tear up her ticket and throw it out. It takes quite a long time to refund such a ticket.

CAR RENTALS IN EUROPE. As you might imagine, renting even a

small car has become incredibly expensive, not to mention gas prices. If you have 21 days, we might suggest the Renault lease-purchase plan. You can have your Renault Le Car for 21 days for \$393.

We enjoy meeting you all who drop into our office. We hope someday to have our own small clientele and handle their travel needs year after year. We are planning a move to a slightly larger office space, but we intend to keep our staff to the three of us so we can get to know everyone. We like to know where our clients like to sit on the plane, special meal needs, whether they want a non-smoking tour, double or twin beds, all the special things that make traveling easier. By the way, if any tour companies are reading

this, especially luxury tours like Maupintour or Tauck — we think an excellent thing would be starting the tour at the clients' home! Why not include pickup and transfer of baggage and client to the airport — it is often the hardest part of the trip. I think clients would pay for it. In our area of Albany, Richmond, Berkeley now — Airport Limousine (not Airport Connection from the Durant, Holiday and/or Marriott for \$7.00) will come to your home for pickup to San Francisco Airport for \$16.60. We find our clients pleased.

Well, enough for today, looking forward to talking to you next week. As ever, SYLVIA TEDESCO PAT GILLASPY CAROLE HEWITT THE AVENUE TRAVEL, INC. 428-1660

Locals in variety show in SF

ALBANY — Saturday, May 12, has been set as the annual show of the San Francisco Theatrical Club, Inc., according to Ray Zurfluh.

To be held in the Herbst Theatre — formerly known as the Veterans Memorial building — Van Ness and McAllister streets in San Francisco, the show will highlight live variety entertainment for the entire family, it was said. The show is titled "Memories of Yesterday, Today and Tomorrow."

The non-profit organization is made up of former performers of the live stage and musicians who played for the acts. Benefits from the show, with an asked donation of \$4.75 per person, will be used to bring live entertainment to shut-ins and senior citizens.

His son, Don McHone, owner of the Exxon Service, has been a sponsor for many years and has renewed his sponsorship for the present season.

In addition to the sponsor, Mrs. Lumia says, the Aerie F.O.E. 222, Richards Jewelers and Upper Stop Market have lent in their renewals for the season.

Sponsorship donations are accepted throughout the year and can be made to Albany Little League, P.O. Box 6003, Albany 1706, or by phoning 541-1111. All donations are deductible, it was said.

Housewife sells 'glass plate' for \$40; won \$1,700

NILES, Ill. — The story of a small fortune, lost because a housewife had an idea her glass plate was a collector's item, recently came to light.

In a letter to J. B. MacArthur, chairman of The Bradford Exchange, the world's largest trading center in collector's plates, Madison, Wis., a woman wrote: "I had a Lalique 1965 plate... which I sold to a friend for \$40. I had not heard of you at that time."

The plate she sold was actually valued at more than \$1,700. Although MacArthur points out that this price is exceptionally high, he said, "I'm afraid others may be losing hundreds or thousands of dollars by not knowing what their plates are worth."

To aid in identifying valuable plates, the exchange issues a report which includes current prices for more than 900 plates and guidelines on what to look for and when to buy. The plate evaluation checklist used by the exchange.

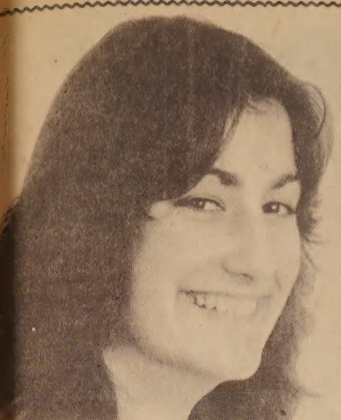

To obtain a copy without cost or obligation, send your name, address and zip code by Saturday of next week to: The Bradford Exchange, Dept. 14717, 9301 Milwaukee Avenue, Niles, Ill. 60648. (Not available to Canadian residents.)

Student of The Month

Service is a key element in the life and activities of Mindy Holmes, Albany's Student of the Month.

"I'd like to see our group do even more than it has been doing to make other people happy," said the president of the Big Sisters' Club. This group does things as visiting nursing homes to chat with the residents and distribute gifts of food.

Mindy, a junior, added that she would welcome guests from community organizations that might be interested to use some of the "Big Sisters" brand of service.

Although Mindy hasn't as yet decided on a career, she wants to go on to college and explore several fields, she said, she's fairly certain she'll be happy in some people-related job.

This summer, Mindy will represent Albany High School at Girls' State.

As Student of the Month, Mindy will receive a \$20 certificate and a free dinner at the local McDonald's.

Editor:

Sirs:

Concerning your recent article about the Berkeley Humane Society and charges by members of that organization, two corrections should be made. Three of us went to your office, and in our discussion we covered many issues, but at no time did we accuse the Humane Society of specific "shady financial dealings," as was printed in the two articles. The investigation by the Attorney General for over a year seems to be in the area of fiscal mismanagement, and I know nothing of any so-called "shady financial dealing" and have never suggested such a thing.

At no time did any of us claim she had gone to the office of the District Attorney against the Berkeley Humane Society; rather, the interviewer asked if such a thing had been done. All three of us replied that we had not, but that it might be a good idea.

Thank you for printing of this struggle between the Berkeley Humane Society and its many dissident members. Albany residents who feel they need not be concerned about this battle for the rights of animals at this Humane Society should

sit up and take notice that they most certainly should be. If their pet animal gets out of the house without its I.D. and is injured, it is covered by the Penal Code, which states that the animal must be taken by the police or animal control officer to a veterinarian to be treated. We are anxious to inform all Albany residents that Albany has a contract with the Berkeley Humane Society for this service, so that is where their injured animals will be taken. Albany residents, please be aware that this is very much your fight, too. The animals we are struggling to protect are yours, too.

Thank you.

EDITOR'S NOTE:

The following letter was received by the Times and is printed as information only. The Times neither endorses nor condemns the use of Laetrile. It is a matter of individual choice.

TO MY FELLOW CALIFORNIANS:

LAETRILE WORKS

Every man, woman and child in our state is witnessing the grimmest, most disgraceful event of our state's history. California's cancer patients have lost their freedom.

The State Supreme Court has accepted Donald Kennedy's falsified reports on laetrile, including a 268-page report to Federal Judge Luther Bohanon on the F.D.A.'s findings on laetrile, which was ruled unlawful and Donald Kennedy's "Laetrile Warning Poster," which is the apex of his blackening, un-American activities.

Donald Kennedy lied to the people of this state to protect the monetary value of the powerful drug industry here in California, over the protection and life of every man, woman and child in this state.

Since physicians cannot administer laetrile any longer in the State of California, they are either moving out of state, or ceasing to give it, which leaves the patients in our state without any help — all because of Donald Kennedy's falsified reports on laetrile. His actions are far worse than Rev. Jim Jones' executions in Guyana.

The truth was known in 1974 about laetrile; that's 1,825,000 lives ago in the U.S., many of whom were Californians. Laetrile and the metabolic approach could have helped in controlling cancer during those last five years. Keep in mind here, that laetrile by itself will show poor results, as many people have learned; it takes vitamins, enzymes, and proper dieting and exercise, according to each patient's needs. This program can be done only by a properly trained physician.

I, Eugene Bradford,

owner of Pacific Northwest Metabolics, will gladly give these needy Californians the help they justly deserve. To do this, I must move my office out of the State of California to the State of Nevada. Soon Donald Kennedy will be found guilty, and only then will my State of California be considered free and clear again, so that I can return.

One of the finest physicians in America, Dr. Bruce Halstead, M.D., is giving his time and efforts to the laetrile, metabolic approach to cancer clinic at the Nevada Nutritional Health Center at 1245 Las Vegas Blvd. South, Las Vegas, Nevada 89104; phone 702-382-6222. Dr. J. T. Bromfield, a Nevada M.D., is here to help all Californians who wish to use the laetrile metabolic approach to cancer.

Sincerely,
PACIFIC NORTHWEST METABOLICS
Eugene Bradford

ALBANY — As an added fillip to the Senior Dinner to be hosted by the Bayview Aerie 2323 of the Eagles Sunday, Jean Kramer announced she has obtained the company of Mitchia Haniagi for entertainment. Scheduled for 2 p.m., the performance of the Japanese dancers will feature the classical dances of Japan, it was said.

LET'S TALK IT OVER

with

People who want to buy a house sometimes drive through the streets in various neighborhoods looking for "For Sale" signs. Although it's a good idea to look at a number of neighborhoods to get a "feel" of what they're like and check the location of schools, churches, shopping and transportation, don't expect to find "For Sale" signs on every house that is for sale, or even on most of them.

Some areas have regulations against such signs. Many owners do not care to be bothered with a horde of curiosity seekers. They depend on their real estate agent to bring only well-qualified buyers, so no sign is necessary.

Most homes sell, not because of a "For Sale" sign but as the result of diligent work by a real estate agent. Thinking of buying or selling real estate? We can be of service to you. "Let's Talk It Over."

Do You Wear GLASSES?

Here's an effective new eye-exercise program that can produce astonishing results in a very short time...

The Bettervision Eye Clinic is now offering a program of eye exercises that can safely correct most cases of poor eyesight — so that glasses or contact lenses are no longer needed. Originally developed by Dr. William H. Bates of the New York Eye Hospital, this method has been widely used by the Armed Forces, schools, clinics, and thousands of private individuals, for the treatment of:

- nearsightedness
- farsightedness
- astigmatism
- middle-age sight

For many years it was thought that poor eyesight was just bad luck, or something you inherit from your parents. Scientists now know that most eyesight problems are caused by accumulated stress and tension — which squeeze the eyeball out of shape, and affect the muscles that do the focusing. The result is the eye cannot form a clear image, and the world appears to be blurry. In people over 40, the natural aging process is also an important factor.

No matter what your eyesight problem the Bates Method can help you. This is a health care program, and will benefit everyone who follows it — children, adults, and seniors.

It is important to understand that glasses do not cure a visual problem. They are simply a compensating device — like crutches. In fact, glasses usually make the condition worse. Because they make the eyes weak and lazy, a minor problem often develops into a lifetime of wearing glasses.

The Bates Method corrects poor eyesight by strengthening the eye muscles and relaxing the eyeball. You do simple easy exercises that increase your focusing power, eliminate eyestrain, and bring your eyesight back to normal.

Because the Bates Method deals with the basic cause of your eyesight problem, you can expect to see a definite improvement in as little as 1 or 2 weeks. Even if you have worn glasses all your life — things will become clearer and clearer, and you will have flashes of good vision — as you go through the program, these flashes become longer and more frequent — gradually blending into permanent better sight — at which point the exercises are no longer necessary.

We usually find that people whose eyesight is not too bad can return to 20/20 vision in about a month. Even if your eyesight is really poor, within 2 to 3 months you should be able to put away your glasses, once and for all. Read these case histories:

The Bates Method can mark a turning point in your life — better eyesight without glasses or contact lenses. The program is guaranteed. Try it for 30 days, and if you're not fully satisfied, return it for an immediate refund. PLEASE PRINT CLEARLY

LET'S GO Fishing!

By CAPT. DAVE KINLEY

Hi again.
Just like clockwork, as soon as Lent and Easter are over the fish start biting.

Striped bass are doing real good around our waters and you can expect good to excellent fishing almost every day somewhere from Emeryville to Richmond. Fishermen are connecting both trolling and plugging, with a fair amount going on bait. Best action is early morning high tides or late evening. When it is windy, you can almost forget it.

Plenty of nice flounder from Buoy 4 San Pablo Bay to Pt. Pinole. Pinole Pier is a very good bet for shore fishermen and you can take the whole family along, have a picnic, and save gas and money.

Lafayette Reservoir is red hot, also a short drive. Vic Carroll, his son, daughter-in-law and grandchildren were there last week and caught 28 trout off the dock. Now that's a pretty good family outing! I'll bet Grampa spent most

of his time baiting hooks and untangling lines, but enjoyed every minute of it. Ocean salmon fishing jumped into high gear last weekend with many two fish limits up to 10 and 20 pound kings. There were not too many boats out due to the slow fishing the prior times and ominous weather reports. As a result, not many people made reservations.

The action for salmon was around the "Light Bucket" and about four miles east of the Farolones. Well, it is just about time. The fish have been elusive for the last month but the weather had something to do with that, too.

That's all this week. Have fun and good catching.

COLLECTING — Shirley Santos, a member of the dance committee for the Little League dance and buffet Saturday night in the Veterans Memorial, left, looks on as Betty Harris, chairman for the affair, takes the ticket

of Chris Caras, Senior Division manager. The dance, commemorating the opening of the Little League Baseball season, was a smashing success, it was reported, and played to a capacity house.

Stoudemire leads team to second half league top

By PHIL ALSTON

ALBANY — Albertha Stoudemire gave the Majorettes League at Albany Bowl its best game and series of the entire season by shooting 247 and 642 as her Late Comers team breezed to the league's second half championship with an 18 to 3 romp over Diablo Bowling Supply.

The Late Comers' strong finish earned them the right to meet Al's Big Burgers for the league crown and also secured them a spot in the North County Team Championships tournament beginning May 5.

Several second half races were settled last week as most leagues approached the end of their winter schedules. All first and second half winners will be eligible for the tournament.

A 567 series by Jim Navarro helped Diablo Bowling Supply to a 2-1 decision over Star Wars and second half honors in the Plaza Mixers League, and Carl Hendrix shot 573 as New York Life secured the top spot in the Woodstakers circuit.

The Two Strikes and a spare trio needed a 524-522 third game win over Try Hards to lock up the Albany Travelers title.

Dave Hordos shot 544 and Ray Mason 535 as Bowlers

Mart claimed season honors in the Friday International with a 2-1 triumph over State Insurance.

D & M Body Shop came closer to the second diadem in the 870 Commercial by beating Pacific Meats 154 to 94. Mark Valente's 558.

The week's best individual performance was in the 910 Majors where Paco Vasquez offered 239-220 for 683 and Taylor finished with 661 series.

Despite Vasquez's best the season effort was Auto Body Shop fell to Rod's Coffee Shop, benefited from Mariscaldo's 637 and Fernando Salcedo's 635.

Bessie Hanson crunched league highs of game and 560 series in Homesteaders League while Shirley Wayne, pacing Morrison Men with 242-570 and Max Spears was leading Las Scratch on 214-573.

Tats Nakae sparked the 184 Club with 634. Jim Orlemann topped Nevada Tahoe Tours and Jiro Nakaso's closing gave him high series in the 665 Scratch.

Elizabeth Simpson, average member of Nevada Tahoe Tour, won the television offered for first place Albany Lions Club's Your Average tournament by shooting 155 plus average.

Second place went to Key of the 870 Commercial. His games of 203-220-649 put him 133 pins and his 172 average.
